Utility activation requests (submitting after contract execution) must be approved by HUD's Field Service Manager prior to activation. In cases where plumbing or electrical deficiencies exist, approval for activation may be denied. Repairs will not be made for the purpose of utility activation.

All properties built prior to 1978 utilizing FHA financing will require a Lead Based Paint (LBP) Inspection and possible stabilization.

Instructions for Completion of Environmental Compliance Record	
<p><u>Environmental Compliance.</u> Single Family Property Disposition is subject to the environmental policy and procedures shown at 24 CFR Part 50, where applicable. An Environmental Compliance Record must be completed for each acquired property prior to listing for sale and the results considered in the development of the terms and condition of the sale. The Contractor shall use the format contained in Exhibit 4, Attachment B-1, for documentation of the review. The compliance record is to be maintained in the individual property file.</p> <p><u>Preparing the Compliance Record.</u> To document the results of compliance findings, use copies of the appropriate floodplain and airport runway maps, and the National Register of Historic Places, in order to identify those properties that are subject to these three requirements. Instructions for completing the compliance findings on the Environmental Compliance Record are:</p> <ol style="list-style-type: none"> <u>Historic Preservation.</u> The National Register of Historic Places identifies specific properties and historic districts which are subject to historic preservation requirements, If a HUD-Owned Property is listed on the register, or the district in which it is located is listed, a deed restriction must be prepared. Listing advertisements must disclose such properties. <u>Airport Runway Clear Zones.</u> Based on airport clear zone maps, properties located within the runway clear zone must be offered to the airport operator before the public listing. Property will be sold to the airport in accordance with the policy on sales to local governments described in Exhibit 2.
