ncernin	
*If E	Buyer is concerned about these matters, Buyer may consult Information About Flood Hazards (TXR 1414).
For p	purposes of this notice:
which	D-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area h is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which a idered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.
which	year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area h is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which idered to be a moderate risk of flooding.
	od pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that act to controlled inundation under the management of the United States Army Corps of Engineers.
	od insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agenc er the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).
river	odway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as year flood, without cumulatively increasing the water surface elevation more than a designated height.
	ervoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain r or delay the runoff of water in a designated surface area of land.
