<p style="text-align: center;"><b>Instructions for Completion of Environmental Clearance Record</b></p> <p><u>Environmental Compliance.</u> Single Family Property Disposition is subject to the environmental policy and procedures shown at 24 CFR Part 50, where applicable. An Environmental Compliance Record must be completed for each acquired property prior to listing for sale and the results considered in the development of the terms and condition of the sale. The Contractor shall use the format contained in Exhibit 4, Attachment B-1, for documentation of the review. The compliance record is to be maintained in the individual property file.</p> <p><u>Preparing the Compliance Record.</u> To document the results of compliance findings, use copies of the appropriate floodplain and airport runway maps, and the National Register of Historic Places, in order to identify those properties that are subject to these three requirements. Instructions for completing the compliance findings on the Environmental Compliance Record are:</p> <ol style="list-style-type: none"> <li>1. <u>Historic Preservation.</u> The National Register of Historic Places identifies specific properties and historic districts which are subject to historic preservation requirements. If a HUD-Owned Property is listed on the register, or the district in which it is located is listed, a deed restriction must be prepared. Consult with counsel for appropriate language to be included in the deed.</li> <li>2. <u>Floodplain.</u> Based on the floodplain map, properties located in Special Flood Hazard Areas (SFHA) which are being sold with HUD-insured mortgages or with buydowns or cash rebates, are required to have flood insurance. At the time of assignment of a case to the closing agent, the closing agent must be alerted to this requirement and must ensure that the purchaser obtains flood insurance. Such insurance may be purchased from any state licensed agent. If a property is located in a SFHA in a community which is suspended from or is not participating in the National Flood Insurance Program, the property must be offered on an uninsured basis and without a buydown or cash rebate. Listing advertisements must disclose such properties.</li> <li>3. <u>Airport Runway Clear Zones.</u> Based on airport clear zone maps, properties located within the runway clear zone must be offered to the airport operator before the public listing. Property will be sold to the airport in accordance with the policy on sales to local governments described in Exhibit 2. A decision by the airport operator not to purchase must be documented in the file, preferably in the form of a letter from the airport operator. In the absence of such a letter, a note to the file documenting the verbal response by the airport operator is sufficient.             Bidders on properties located in runway clear zones must provide a signed Notice to Prospective Buyers of Properties Located in Runway Clear Zones and Clear Zones (see Exhibit 4, Attachment B-2). In those few jurisdictions which have properties in runway clear zones, Selling Brokers must be provided with copies of this notice and be advised that it must be included when submitting a bid on a property which is located in a runway clear zone.</li> </ol> <p><u>Listing for Sale.</u> Any property which is subject to these historic, floodplain, or airport clear zone requirements must be so identified when listing the property for sale.</p>

**LEAD-BASED PAINT DISCLOSURE ADDENDUM**

**SELLER HAS NO RECORDS OR REPORTS PERTAINING TO LEAD-BASED PAINT AND/OR  
LEAD-BASED PAINT HAZARDS**

Property Case #: 371-502107  
Property Address: \_\_\_\_\_  
77 Madison Ave West New Baltimore NY 12124

**Lead Warning Statement**

Every Purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The Seller of any interest in residential real property is required to provide the Purchaser with any information on lead-based paint hazards from risk assessments or inspections in HUD's possession and notify the Purchaser of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

**Inspection Contingency**

Seller has no records or reports pertaining to lead-based paint and/or lead-based paint hazards. The Purchaser has a contingency period that expires fifteen (15) calendar days from the date the contract is accepted by HUD to conduct at the Purchaser's expense, an independent lead-based paint inspection visual assessment for deteriorated paint or risk assessment. The Purchaser may withdraw from the contract by providing written notice of withdrawal on or before the contingency expiration date (as evidenced by the postmark on the Purchaser's notice of withdrawal). The Purchaser will be entitled to a refund of earnest money only if the Purchaser obtains an independent lead-based paint inspection or risk assessment performed by a Certified Lead-Based Paint Inspector or Risk Assessor, and the Purchaser provides HUD with a copy of the inspection report.

## **Financing Type (Selling Broker to initial applicable clause)**

\_\_\_\_\_ No FHA Financing of Property constructed Prior to 1978: The purchase of this property is not being financed with an FHA insured loan. The Purchaser has an inspection contingency that expires 15 days from the date of the Purchaser's signature below. The property is being sold as is with respect to all conditions including, subject to the above contingency, the potential presence of lead-based paint and/or lead-based paint hazards.

\_\_\_\_\_ Any FHA Financing Except 203(k): This property is being sold subject to FHA insured financing under any program other than a 203(k) Rehabilitation Mortgage. Upon contract execution HUD will procure a lead-based paint inspection and will deliver the inspection report to the Selling Broker by overnight delivery service along with a paint stabilization plan and cost estimate if deteriorated lead-based paint is found and a supplemental Lead-Based Paint Disclosure Addendum.

**The Purchaser shall have the right to review the inspection report, paint stabilization plan and cost estimate.**

If deteriorated lead-based paint was identified in the Report, HUD will only perform stabilization if the cost estimate is \$4000.00 or less. If the cost estimate is greater than \$4000.00, HUD at its sole discretion may: (1) cancel the sales contract, or (2) allow the purchaser to amend the contract financing to FHA 203k or conventional. In the event that HUD cancels the sale, the purchaser will be entitled to a 100% refund of earnest money.

If the cost estimate is \$4000.00 or less and the Purchaser is dissatisfied with the information provided, the Purchaser may withdraw from the contract and receive a full refund of earnest money by providing written notification to HUD of the intention to withdraw. Written notification must be postmarked by the latest of fifteen (15) calendar days from the date the contract is accepted by HUD or two (2) business days following the date of the Purchaser's signature on the supplemental Lead-Based Paint Disclosure Addendum.

If deteriorated lead-based paint was identified in the inspection Report and the Purchaser does not exercise its option to withdraw from the sales contract, HUD will stabilize the deteriorated lead-based paint in accordance with the stabilization plan and obtain lead clearance by the close of the escrow period or any extensions thereof.

\_\_\_\_\_ FHA 203(k) Financing: This property is being sold subject to a 203(k) Rehabilitation Mortgage. Upon contract execution HUD will procure a lead-based paint inspection and will deliver the Report to the Purchaser by overnight delivery service along with a lead-based paint stabilization plan if deteriorated lead-based paint is found and a supplemental Lead-Based Paint Disclosure Addendum.

The Purchaser shall have the right to review the inspection report, paint stabilization plan and cost estimate. If the Purchaser is dissatisfied with the information provided, the Purchaser may withdraw from the contract and receive a full refund of earnest money by providing written notification to the Seller of the intention to withdraw. Written notification must be postmarked by the latest of fifteen (15) calendar days from the date of the Purchaser's signature below, or two (2) business days following the date of the Purchaser's signature on the supplemental Lead-Based Paint Disclosure Addendum.

If deteriorated lead-based paint was identified in the Report and the Purchaser does not exercise its option to withdraw from the sale contract, the Purchaser shall stabilize the deteriorated lead based paint as part of its work plan for the property rehabilitation and shall obtain lead clearance before occupancy. Purchaser shall complete the 203(k) Rehabilitation Financing Lead Agreement form HUD-9548-G.

**Purchaser Acknowledgement (initial)**

\_\_\_\_\_ Purchaser has received the EPA-approved pamphlet "Protect Your Family from Lead in Your Home."
